VACANT BUILDINGS

Vacant buildings can be defined as buildings containing nothing; being without contents or occupants. Unoccupied means currently not in regular use by the member and not visited on a regular basis by municipal personnel; however, is being used for storage or contains contents.

The Underwriting Manager must be notified no more than thirty (30) days from the time of acquisition of a vacant/unoccupied building. This applies to all future acquisitions of vacant/unoccupied property and existing property that becomes vacant or unoccupied. It is not necessary to report vacant lots, vacant land, water tanks and bodies of water.

Reporting Requirements

- 1) Date of acquisition or possession;
- 2) Description and occupancy before vacancy;
- 3) Future plans for the building and time frame;
- 4) Whether or not utilities are disconnected;
- 5) Building Security ie., alarms, security guards, fence, lighting, etc.;
- 6) Scheduled weekly/daily maintenance/visits;
- 7) Mortgagee/additional interest, if any;
- 8) Street address or legal address (block and lot numbers and street and town);
- 9) Insurable value of the building (actual cash value or replacement cost);
- 10) Number of stories;
- 11) Square footage;
- 12) Building Construction ie; masonry, frame, etc.; and
- 13) Photo or Google Maps link.

Upon notification, the NJCE and excess Insurer reserve the right to inspect the property. If any inspection uncovers major deficiencies or discrepancies from what is initially reported, the member entity may be asked to correct this in order for coverage to apply.

After the initial reporting of a Vacant or Unoccupied building(s), the member entity must continue to include these buildings on the member entity's property schedule during the annual exposure review process for continuation of coverage. Vacant or Unoccupied buildings should be inspected regularly and added to routine Law Enforcement patrols. See attached check sheet that can be used as a guide. The Commission/NJCE and/or excess carrier reserves the right to cancel coverage on any vacant/unoccupied building if in its judgement the member entity is allowing the building to fall into disrepair, is not following through on its intended future use as proposed by the member entity, or fails to meet its stated timeline for the future use/disposition of the building.

VACANT BUILDINGS (cont'd)

Coverage

1. Vacant Buildings:

- a. Actual Cash Value – Except as noted below, the IC/NJCE will only provide “Named Perils” coverage on an “Actual Cash Value” basis on vacant buildings.
- b. Demolition/Debris Removal – In the event that the Underwriter/Excess carrier does not approve coverage for vacant buildings the IC/NJCE will cover the reasonable and necessary costs up to \$25,000 incurred to demolish and remove debris from property that remains following direct physical loss from “Named Perils” for vacant buildings that are reported in accordance with the terms above and no more than 60 days from the time of acquisition. Members may seek higher limits for demolition/debris removal upon providing documentation of increased costs for demolition/debris removal to the Administrator and/or the Underwriter and upon the Underwriter’s approval.
- c. Replacement Cost – R/C coverage may be provided for all risks of direct physical loss from any cause unless excluded under the policy for vacant buildings under the following circumstances and upon approval by the Underwriter/Excess carrier:
 - i. The member must provide documentation as to the intended future use of the building including a realistic timeline for placing the building in use;
 - ii. The completion of a satisfactory inspection by the Underwriter’s office to verify building condition, security of the building, and status of utilities.

2. Unoccupied Buildings:

- a. Seasonal unoccupied buildings such as recreation halls, lifeguard facilities, swimming pool lockers, etc. will be covered on a Replacement Cost basis for all risks of direct physical loss from any cause unless excluded under the policy.
- b. Other Unoccupied buildings must be submitted for coverage determination. In the event that the Underwriter/Excess carrier does not approve coverage Demolition/Debris Removal coverage may be provided in accordance with 1.c. above.

“Named Perils” means: Fire, lightning, explosion, smoke, windstorm, hail, riot, civil commotion, aircraft, vehicles, vandalism, sprinkler leakage, sinkhole collapse, volcanic action, watercraft and malicious intent.

NOTES:

All vacant properties must be reported to your Executive Director and the Underwriting Manager. Also forward a copy to the NJCE Executive Director located at PERMA Risk Management Services, 9 Campus Drive, Suite 216 Parsippany, NJ 07054.

HISTORIC BUILDINGS

Reporting Requirements

- 1) Date of acquisition or possession (must be reported within thirty (30) days of acquisition);
- 2) Future plans for the building and time frame for such plans;
- 3) Whether or not utilities are disconnected;
- 4) Building security, such as alarms, security guards, fence, lighting, etc.; and
- 5) Scheduled visits, with full internal and external walkthrough, plus routine law enforcement patrol (at least weekly).

Additional Information

Upon notification, the IC and its insurers reserve the right to inspect the property. The member entity may be asked to correct any major deficiencies or discrepancies from what is initially reported in order for coverage to apply.

The member entity must continue to include these buildings on the member entity's property schedule during the annual exposure review process for continuation of coverage.

The IC and/or its insurers reserve the right to cancel coverage on any building if, in its judgement, the member entity fails to continually satisfy the Special Reporting Instructions above.

Definitions

Historic Property: Any property appearing in the local register of Historic Places, National Historic Landmarks Program, or National Register of Historic Places.

Insurance Coverage

1. Cost to replace, repair or restore using the same materials, workmanship and architectural features and details that existed before such loss provided they are available. If any materials or workmanship needed to replace, repair or restore a building or structure are not available, the cost to use materials and/or workmanship that will permit the replacement, repair or restoration of the building to a condition that most closely resembles the condition which existed immediately before the loss occurred will be utilized.
2. If there is an ordinance or law in effect at the time of loss that regulates zoning, land use or construction of a historic building (such as a Historic Preservation Act or other similar regulation), if that ordinance or law affects the repair or rebuilding of the historic building, and if you:
 - a. Repair or rebuild the building or structure as soon as reasonably possible, then you will receive Replacement Cost valuation on the damaged and undamaged portions of the building, the cost to demolish and clear the site of the undamaged portion of the building, and the increased cost to repair or rebuild the building to the same general size in accordance with the minimum standards of such ordinance or law;
 - b. Do not repair, rebuild or replace the building or structure, then you will receive Actual Cash Value valuation on the damaged and undamaged portions of the building, plus the cost to demolish and clear the site of the undamaged portion of the building.
3. With respect to properties that qualify for "National Historic Landmark" status, the Insured shall have the sole discretion as to the means by which said property shall be repaired, rebuilt or replaced, but not to exceed the actual costs which would have been incurred in order to comply with "National Historic Landmark" status requirements.
