LIVE VIRTUAL AND IN-PERSON TRAINING (EXPOS) ANNOUNCEMENT

As a reminder we are offering the majority of the NJCE JIF Safety Training Catalog on a Live Virtual platform through Zoom. We are encouraged with all the In-Person training requests we have been receiving from the members; However, the following training programs are the only in-person programs available for request (In-Person training is also being held via the MSI/NJCE Expos details mentioned below):

- Excavation, Trenching, and Shoring (4 hours)
- Flagger Workzone Safety (4 hours)

LIVE VIRTUAL CLASSES (VIA ZOOM):

Virtual classes feature real-time, instructor-led in-person, and virtual classes. Experienced instructors provide an interactive experience for the attendee on a broad spectrum of safety and risk control topics. Most NJCE LIVE virtual offerings have been awarded continuing education credits for municipal designations and certifications. The live virtual monthly training schedules and registration links are available on the NJCE.org website under the Safety tab: [NJCE Monthly Training Schedules](#). Please register early, under-attended classes will be canceled.

To maintain the integrity of the NJCE classes and our ability to offer CEUs, we must abide by the rules of the State agency that issued the designation. Most importantly among those rules is the attendee of the class must attend the whole session. **Attendees who enter the class more than 5 minutes late or leave early will not be awarded CEUs for the class or receive a certificate of completion.**

In-Person training will be held via the MSI/NJCE Expos for training programs that are not available Virtually. The Expos have been scheduled throughout the State in 2022:

The EXPO Training Topics include:

- Excavation, Trenching, and Shoring (4 hours)
- Flagger and Work Zone Safety (4 hours)
- Fast Track to Safety 2022 consists of four sessions. Must attend all four sessions to receive CEUs.
