New NJCE Learning Management System Coming Soon!

The NJCE is excited to announce that the **New NJCE Learning Management System (LMS)** will be launching on **May 1st**. The new LMS has similar features to the current LMS along with new technology.

*****Please Note:** *The current NJCE LMS will be unavailable and no longer accessible for use due to finalizing the system conversion starting on Monday April 17th through Sunday, April 30th. Please email Natalie Dougherty ndougherty@jamontgomery.com for any assistance with training certificates, reporting, etc. during this time.*

Below is a list of instructional webinars for Training Administrators (LMS Admins) and Students (Users) to learn how to navigate and use the new system with a variety of date options.

New NJCE LMS -Training Administrator Overview

This highly recommended course is designed for existing Training Administrators in the current NJCE Learning Management System (LMS) or those who plan to be in the future. Training Administrators will be given an overview of the new LMS including their required tasks.

New NJCE LMS - Student (Learner) Overview

This highly recommended course is designed for employees who are required to complete NJCE training by their employer. Students will be given an overview of the new NJCE Learning Management System (LMS) including how to log into the system.

Please see the course descriptions below and click on the course link to register.
