

## DEWALT, STANLEY AND CRAFTSMAN FIBERGLASS SLEDGEHAMMERS

Stanley Black & Decker is recalling 2.2 million DeWALT, Stanley, and Craftsman Fiberglass Sledgehammers due to the head of the sledgehammers can loosen prematurely and detach unexpectedly during use, posing an impact injury hazard to the user.

Remedy: Refund

The [recall](#) involves certain DeWALT, Stanley FATMAX, and Craftsman Fiberglass Sledgehammers. The recalled sledgehammers weigh between 2 and 12 pounds and range between 14" and 36" in length. The DeWALT sledgehammers are yellow and black, the Stanley sledgehammers are yellow and black, and the Craftsman sledgehammers are red and black.

Each sledgehammer has the brand written on the handle. The model numbers of the DeWALT and Craftsman hammers are marked on the hammer's head. Model numbers of the Stanley hammers are on a sticker on the handle.
