

**S:ERVE COURSES ARE  
NOW AVAILABLE  
IN "LEARNING ON DEMAND" THROUGH THE  
NJCE LEARNING MANAGEMENT SYSTEM.**

**S:ERVE**

Safety: Emergency Responder Vehicle Education

S:ERVE courses are Emergency Responder Vehicle Education Online EVOC simulation-based training provided by Safety National Insurance.

#### **THE COURSES AVAILABLE INCLUDE:**

- 1. S:ERVE – EMS Emergency Responder Vehicle Education**
- 2. S:ERVE – Fire Emergency Responder Vehicle Education**
- 3. S:ERVE – Police Emergency Responder Vehicle Education**

These courses are focused on code three intersection negotiation. They are created for first responders to refresh perishable driving skills, refresh techniques, concepts, rules and procedural skills that help keep first responders and the public safe in emergency response situations.

The courses include 5 – 30-minute lessons in the following areas:

- Intersection Approach
- Intersection Assessment
- Clearing the Intersection – Basic
- Clearing the Intersection – Advanced
- Intersection Departure

#### **4. S:ERVE - Distracted Driving Course**

The Distracted Driving course is simulation-based training focused on limited driving distractions including cell phone use. This course is geared toward ALL operators of municipal vehicles. It's intended to refresh techniques, concepts, rules and procedural skills that help keep drivers safe.

The 30-minute lesson includes distractions inside and outside of a vehicle and strategies for limiting and avoiding distractions.

**NJCE Learning On Demand** provides on-demand streaming videos and online classes in English and Spanish that can be viewed 24/7 by members on the NJCE Learning Management System (LMS) by clicking on "Request Training" Button (white button on the top toolbar).
